

**HYDRECO HYDRAULICS – NOW PART OF DAIKIN –  
EXHIBITS AT THE AGRITECHNICA FAIR IN HANOVER**

**Hydreco - a Diplomatic Group company - now part of Daikin Industries, specialized in the design and production of motion control solutions for mobile operating machines, will present its new products at the Agritechnica fair that will take place in Hanover, Germany, from 12 to 18 November 2023 (stand C13, hall 16).**

*Vignola (MO), Italy 5 October 2023* – Hydreco Hydraulics, a Diplomatic Group company and part of Daikin Industries, specialized in the design and manufacture of motion control solutions for mobile operating machines, is pleased to announce its participation as an exhibitor at Agritechnica, which will be held in Hanover, Germany, from 12 to 18 November 2023 (stand C13 - Hall 16).

As a preview at Agritechnica Hydreco Hydraulics will present the MHDC proportional electric mini-joystick, which is characterized by extreme compactness, reliability, ergonomic handle, reduced installation dimensions and wide flexibility of the output signals.

At the show visitors will have the opportunity to discover the latest Hydreco innovations in the field of hydraulics and motion control such as:

- the MS series of six-way, central bypass open-center directional control valves, designed in a wide range of configurations and options;
- the ergonomic multifunction handle MHC (*Multifunction Handle Control*) with robust design suitable for harsh environments and for all applications where long life and reliable components are required.

At the stand, other solutions for motion control will also be exhibited, such as the hydraulic and electrical/electronic range of remote controls, machine control systems based on the CANbus protocol, bankable valves and hydraulic cylinders. In addition, the latest developments of external gear pumps and motors, made at the Parma production site, together with the cartridge valve series, will be on display.

Katie McColl, CEO of Hydreco Hydraulics and Continental Hydraulics, said: "*Hydreco, as part of Daikin Industries, is strengthening its presence in the German market, thanks to the synergistic collaboration with Till Hydraulik, a company from Helmstedt (Lower Saxony) specialized in the production of hydraulic cylinders for mobile applications. This represents a tremendous opportunity to combine the expertise and strengths of Diplomatic, Continental, Hydreco and Till.*"

\*\*\*

Hydreco Hydraulics - based in Poole, Great Britain, is a company acquired in 2019 by the Diplomatic MS Group of Parabiago (Milan, Italy) - now Daikin Industries- which has a turnover of 163 million euros and over 600 employees. Hydreco Hydraulics has a long and significant heritage in hydraulic components: for over a hundred years it has been designing, manufacturing and distributing products for the transport and hydraulics sector for the mobile sector: with sites in Italy, Norway, Germany, USA, India and Australia, Hydreco has a worldwide production and sales network.
