BLUE LED ROCKER SWITCHES

LED (Blue) Rocker Switches

These rocker switches are designed to blend in with today's modern truck cabs. Smooth feel with a blue LED backlight.

This is a practical design for today's cabs for the operator on a limited budget. Offering a modular layout to suit almost any application. Switches can be fitted directly within the truck's dashboard or fitted together via the modular holders for a custom look.

Ideal to be matched to our CK158A solenoid banks.

Product Features

- **Constructed from Durable ABS Plastic**
Provides long life.
- **Modular Mounting**
Direct in dash or via slide together housings.
- **Versatility**
Can be used on a number of different systems.
- **IP68 Rating**
Ensuring operation in all conditions.
